Ghent vision on agriculture

(since 2023)

6 policy goals

1. Improve the farms' economic viability, resilience and farmers' welfare
2. Preserve farmland for professional sustainable and city oriented agriculture
3. Stimulate a short and sustainable food supply chain, fair price for fair product
4. Encourage nature inclusive agriculture and cooperate with farmers in nature areas
5. Stimulate climate robust agriculture and a farm's positive contribution to climate
6. Facilitate the farms' social added value
