

GrowingMedia2021 – International Symposium on Growing Media, Soilless Cultivation, and Compost Utilization in Horticulture

22-27 August 2021, Ghent, Belgium

GrowingMedia2021

Sponsorship Opportunities

GrowingMedia2021, the 2nd International Symposium on Growing Media, Soilless Cultivation, and Compost Utilization in Horticulture (ISHS) will be held in the historic university city of Ghent, Belgium, 22 - 27 August, 2021. The previous conference was held in 2019 in Milan (SUSGRO2019) and attracted 200 delegates from across Europe and other continents. GrowingMedia2021 will be organized by ILVO, Ghent University, Hasselt University and several Flemish research stations.

The conference focuses on sharing expertise on growing media, soilless cultivation and compost utilization in horticulture. Sessions include:

- Growing media and sustainable use of resources
- Integrated disease and pest control via interaction with the growing medium
- Soilless cultivation: added value of innovations for water and nutrient use efficiency
- Compost utilization in horticulture and its potential for carbon storage

Speakers and selected poster presentations will cover the full spectrum of research, from theory to implementation and adoption by stakeholders.

GrowingMedia2021 is a great opportunity for companies and organizations to showcase their organization, products and services to a large number of expert scientists, policy makers and other industry representatives from around the world.
